Coordination of Educational Research Doctorate  
Education Research Institute  
Universidad Veracruzana  
Mexico

Dear Education Research Institute,

I am pleased to have worked with Ana Teresa Morales Rodríguez during September 16 – December 19, 2013 at Syracuse University. Tere worked at Syracuse University for 280 hours during this period. We met weekly to discuss her literature review work. Additionally, Tere participated in a weekly doctoral student research seminar and did a lot of library research work. She has made excellent progress on the article and we expect to submit it for publication by the end of January 2014.

Sincerely,

Joanna O. Masingila  
Laura J. and L. Douglas Meredith Professor  
Professor  
Mathematics & Mathematics Education
