

Principal Investigator/Faculty member

UGA-Langebio, CINVESTAV, Irapuato, Mexico

📍 Irapuato, Mexico

Posted about **17 hours ago**

Expires on **March 14, 2021**

The Advanced Genomics Unit (UGA-Langebio), a research institute from the Centro de Investigacion y de Estudios Avanzados (CINVESTAV), is seeking to recruit a highly qualified new investigator at the equivalent of assistant, associate, or full professor level at its campus in Irapuato, Mexico. UGA-Langebio conducts top-ranked research and graduate education, while promoting genomic knowledge for the protection and sustainable use of Mexican biodiversity. An international team of scientists develop highly competitive research programs with an emphasis on collaboration and multidisciplinary studies. UGA-Langebio possess a modern research and service infrastructure to support genomic, bioinformatic and mass spectrometry analyses.

We are interested in highly talented candidates who employ innovative approaches to conduct research that will provide strengths complementary to current or other areas of life sciences already represented. The successful candidate will continue or develop an externally funded and internationally recognized research program. This can be related, but not limited to areas of agrobiotechnology, developmental and computational biology, structural biology, and molecular ecology and evolution. As faculty members, applicants are expected to teach graduate courses, supervise graduate students, establish collaborations with other faculty members, and engage in departmental activities.

This position requires a Ph.D. degree in an appropriate area. A record of excellence in research. Potential to establish a competitively-funded research program, and ability to teach on graduate level. Candidates should share our commitment to diversity, gender equity and inclusion. Female candidates are strongly encouraged to apply.

Applicants should send a CV, PDFs of their 3 most important publications, and a three-page description of their scientific accomplishments and proposed research program. Applicants should arrange for three reference letters to be send separately.

Review of applications will begin March 15, 2021. Please send applications to the attention of Dr. Alfredo Herrera-Estrella, Director, UGA-Langebio, CINVESTAV, Irapuato, Guanajuato, MEXICO, E-mail: ximena.osorio@cinvestav.mx
