

CULTIVO EN MACETAS

Es importante considerar el volumen y la profundidad de la maceta, para que las raíces de nuestras hortalizas aprovechen el espacio y asimilen los nutrientes.

5L

Lechuga

Acelga

Perejil

Cebollín

10L

Espinaca

Ajo

Chícharos

Apio

15L

Rábano

Betabel

Zanahoria

Jícama

20L

Chile

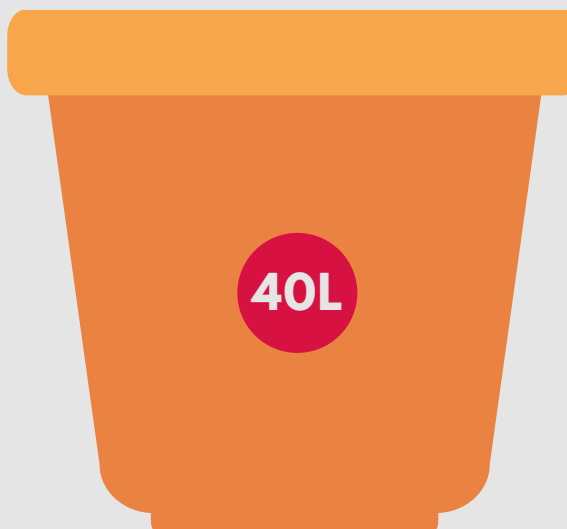

Tomate

Brócoli

Coliflor

40L

Papa

Pimiento

Calabacita

Berenjena

Maíz

Chayote

Calabaza

Pepino
