Health problems vocabulary

At the doctor's Read the dialogue.

You: Good morning, Doctor.

Doctor: Good morning. How can I help you?

You: I have a terrible pain in my chest.

Doctor: How long have you had it?

You: For about three days.

Doctor: Where does it hurt?

You: Just here.

Doctor: I think you should have an X-ray.

You: Can I go swimming this evening?

Doctor: You should rest for a few days.

D: You should come in 5 days to check your health again.

P: All right, thank you very much.

 Doctor: Good morning! How can I help you? Patient: I'm not very well. I have	٠	Task 1. Read the dialogue and choose the best option.
 D: Do you have? (massage, a temperature, sneeze) P: Yes, I have at night. It is around 37, 5 degrees. D: Do you have? (headache, herbs, healthy) P: Yes, I have a terrible in the morning when I wake up. D: Do you? (medicine, sneeze, pills) P: No, I don't. But I sometimes feel dizzy. D: OK. I'll have a look at you. Let me check your (head, temperature, bandage) D: Let's see. 38 degrees, that's high. P: What's wrong with me? D: I think, it is (fever, measles, the flu) P: Oh, what should I do? D: You should (write your own prescriptions) 	٠	Doctor: Good morning! How can I help you?
